BANNING ABORTION ADVICE

No person shall dispense or otherwise distribute in a District school or on District school property a family planning drug or device. Additionally, any officer, agent, or employee of the Board is prohibited from referring a student for an abortion or assisting a student in obtaining an abortion.

For purposes of this policy, "family planning" means the use of a range of methods of fertility regulation to help individuals or couples avoid unplanned pregnancies; bring about wanted births; regulate the intervals between pregnancies; and plan the time at which births occur in relation to the age of parents. It may include the study of fetology. It may include marital and genetic information. Clinical abortion shall not be considered a method of family planning, nor shall abortion be taught as a method of reproductive health.
