Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2019-2030 educational progress for the Charlevoix Montessori Academy for the Arts. The AER addresses the complex reporting information required by federal and some requirements of state laws. Our staff is available to help you understand this information. Please contact David Harwood, School Principal at (231) 947- 5000 for help if you need assistance.

The AER is available for you to review electronically by visiting the following web site, <http://bit.ly/35kNMZk> or you may review a copy in the main office at your child's school. Each school will also be communicating their own AER to parents directly.

These reports contain the following information:

For the 2019-2029 school year, schools were identified using definitions and labels as required in Every Student Succeeds Act (ESSA). A Targeted Support and Improvement (TSI) school is one that has at least one underperforming student subgroup. An Additional Targeted Support (ATS) school is one that has a student subgroup performing at the same level as the lowest 5% of all schools in the state. A Comprehensive Support and Improvement (CSI) school is one whose performance is in the lowest 5% of all schools in the state or has a graduation rate at or below 67%. Some schools are not identified with any of these labels. In these cases, no label is given.

Our school was not identified as a reward, a focus or a priority school.

Charlevoix Montessori Academy for the Arts faces challenges in having a high population of high need students, limited staff, and economic restraints. Due to these challenges, Charlevoix Montessori Academy for the Arts has put structures in place to accommodate the needs of individual students while into consideration the staff and resources to implement these structures. Continuous improvement is Charlevoix Montessori Academy for the Art's goal and through the partnership with families at the school and community resources we will reach the goals of each student enrolled.
